Executive summary:

HB 1406 Discussion:

The BOCC discussed the concept of a land bank as one option to consider for the utilization of a new revenue fund dedicated to affordable housing. This is one option that would afford the possibility of facilitating partnerships and leveraging other resources in order to make immediate progress and build more affordable housing. The purpose of today's follow-up is to further explore the land bank concept in a conversation with partners, to make sure that the cities are aware of our planning and to invite collaboration, and to identify next steps and put them to a timeline.

Budgetary impact: (Is there a monetary impact? If so, are funds for this already allocated or is a budget change necessary? If this is a contract and a budget change is necessary, the budget change form must be submitted with the item at work session and for the regular agenda) **If a budget action is required, has it been submitted and a copy attached?** ☐

Recommended action: (Does the Board need to act? If so, what is the department's recommendation?)
