Subject: RE: Resolution Proposing County Clerk Charter Amendment - RESPONSE NEEDED

Hello Loni, I couldn't attend the 09/08/2025 Charter Review Meeting but was able to listen to the saved meeting online. Please forward the below comments to the Charter Review Commission on my behalf.

I think it's important to clarify my previous comments: I had spoken with the Civil Prosecutor, Mr. Boughton, and proposed language in response, but not in agreement that it was necessary or needed. If changes were going to be made to the language, it made sense to add language regarding WA State Law. I am not an attorney and cannot give legal advice but understand that Washington State RCW's vest powers in my position as Clerk of the Superior Court and Superior Court Clerk. I have no further comment on the issue.

Thank you,

Subject: Re: Resolution Proposing County Clerk Charter Amendment - RESPONSE NEEDED

Dear Niki,

Please excuse me if I misinterpreted your position on the proposed charter amendment dealing with your powers and duties. but I assumed the deputy prosecutor would have explained the need for this amendment to you. Simply put, with no duties specified in the charter for your office, those duties fall on the County Commissioners under the terms of our state constitution, and any Board of County Commissioners is free to assign your Clerk of the Superior Court "out-of-court" duties and your County Clerk duties to any other officer.

The fact that the RCWs specify certain responsibilities for the County Clerk and the Superior Court Clerk means very little in a charter county. This is because Article 11, Section 4 of our state constitution states that "all the powers, authority and duties granted to and imposed on county officers by general law (with certain exceptions not applicable to you) shall be vested in the legislative authority of the county unless EXPRESSLY vested in specific officers by the charter." Making this even more clear is the second to the last sentence of Article 11, Section 4 that says the provisions of Article 11, Section 5 shall not apply to charter counties. Article 11, Section 5 says the legislature, by general and uniform laws, shall provide for the election in the several counties of boards of county commissioners, sheriffs, county clerks, treasurers, prosecuting attorneys and other county, township or precinct and district officers, as public convenience may require, AND SHALL PRESCRIBE THEIR DUTIES, AND FIX THEIR TERMS OF OFFICE. So, the very state constitutional provision that allows the state legislature to prescribe the duties of county officers (Article 11, Section 5) is not applicable in charter counties.

Article 11, Section 4, also precludes the RCWs from affecting your office in another manner. Even though the first sentence of Article 11, Section 5 and RCW 36.16.030 state that the county clerk's position shall be elected, Article 11, Section 4, overrides those provisions. Therefore, the charter was able to make your position an appointed position.

There are two important reasons for the proposed charter amendment. First, your actions as County Clerk are open to challenge on the basis that no powers have been assigned to you by the charter and therefore fall on the County Commissioners. Second, it is better government I believe to have your duties clearly assigned by the charter rather than to have them open to change by ordinance or resolution of any Board of County Commissioners.

Sincerely,

Ron Richards
2nd District Charter Review Commissioner

CHARTER REVIEW COMMISSION

Correspondences end page

CHARTER REVIEW COMMISSION

Townhall amendment

2025
Clallam County Charter Review Commission

Resolution Number _____

Resolution Proposing Charter Amendment Requiring County Commissioner
District Town Hall Meetings

The Clallam County Charter Review Commission elected by the voters of Clallam County for the year 2025 finds that:

1. All county residents deserve meaningful opportunities to connect directly with their elected County Commissioners, to ask questions, raise concerns, and to stay informed about county decisions by having their questions responded to by their County Commissioner. Such a dialogue is essential to ensuring decisions reflect the needs and values of the people.
2. Holding town hall meetings outside of regular working hours would give people working regular working hours a better opportunity to participate in such town hall meetings.
3. Many counties in Washington and around the country already hold regular town hall meetings as part of good government practices.
4. The Clallam County Charter currently does not require County Commissioners to meet with the public in their Districts outside of regular Board meetings, which are typically held in Port Angeles. That leaves many residents, especially those residents in rural or outlying areas, feeling disconnected from their local government.
5. Creating a requirement that each County Commissioner conduct at least one town hall meeting per year in their County Commissioner District would help give all voters a fair and consistent opportunity to be heard, and to have their District County Commissioner respond to their questions.
6. Creating a requirement that all County Commissioners conduct at least one town hall meeting in each district would further help give voters a fair and consistent opportunity to be heard, and to have all County Commissioners respond to their questions.
7. These town hall meetings would strengthen trust in government, increase public participation, and lead to more responsive and thoughtful policymaking.

Therefore, the 2025 Clallam County Charter Review Commission hereby proposes that the Clallam County Charter be amended by adding to Article II – Legislative and Executive Branches, a new Section 2.50, Commissioner District Town Hall Meetings, to read as follows:

Each member of the Board of County Commissioners shall conduct at least one town hall meeting in their Commissioner District each year, and all members of the Board of County Commissioners shall conduct at least one town hall meeting in each commissioner's district each year, said meetings to occur outside of normal working hours. Notice of such meetings must be posted at least 30 days in advance of the meeting.

Any language in double parentheses with a line through it is existing Clallam County Charter language and will be taken out of the Charter if this measure is approved by voters. Any underlined language does not appear in current Clallam County Charter language but will be added to the Charter if this measure is approved by voters.

Further, the 2025 Clallam County Charter Review Commission, pursuant to Article XI, Sub-Sections 11.20.10 and 11.20.20 of the Clallam County Charter, and Clallam County Code Section 37.10.020, calls for:

1. The Clerk of the 2025 Charter Review Commission to cause this Resolution and the Charter amendment hereby proposed, and five copies of the same, to be filed with and registered by the Clallam County Auditor, along with the Resolution Coversheet required by the Clallam County Auditor; and
2. For the Charter amendment hereby proposed to be submitted to the voters at the next statewide general election occurring at least 90 days after registration of the proposed amendment by the Auditor.

This Resolution and the Charter amendment hereby proposed is passed and approved on this _____ day of _____, 2025, by the 2025 Clallam County Charter Review Commission.

Subject: Request to Add Agenda Item – "CRC Security and Possible OPMA Violations"

Hi Loni, please forward to all 15. Thanks.

Dear Executive Board,

I am formally requesting that the following agenda item be added to the upcoming Charter Review Commission meeting:

Agenda Item: CRC Security and Possible OPMA Violations

This discussion is necessary due to events stemming from the July 14th public comment by Eric Fehrmann, subsequent email exchanges, and testimony given by County Administrator Todd Mielke on September 22, 2025.

Questions That Require Commission Discussion

1. •

What **specific threat** did Commissioner Stoffer perceive on July 14?

2. •

When Stoffer said he would "take steps to protect myself," does that include **carrying a weapon** in a weapon-free zone?

3. •

Why was security **not present at CRC meetings** before July 14 if risk was known?

4. •

Why is security **not present at all public meetings** on county property if it is now deemed necessary?

5. •

Was **OPMA violated** by arranging security without deliberation or approval from the full CRC?

6. •

Do these actions comply with **CRC bylaws**?

7. Is Chair Susan Fisch also unilaterally **removing the second public comment period** at Commissioner Stoffer's request? If so, does this also constitute a violation of OPMA and our bylaws, given that the Commission has again not been consulted?

Timeline of Events

- **July 14, 2025** – During public comment, Eric Fehrmann criticizes Commissioner Stoffer.
- **July 16, 2025** – Commissioner Stoffer emails the Executive Board requesting security and states he will “take steps to protect myself.”
- **July 16, 2025** – County Commissioner Mark Ozias forwards Stoffer's concern to Sheriff King and Administrator Mielke, requesting security at CRC meetings.
- **July 17, 2025** – Sheriff King contacts Security Services NW and arranges for security specifically for CRC meetings.
- **July 17, 2025** – CRC Chair Susan Fisch confirms to Commissioner Stoffer that security will be present “from this point forward.”
- **September 22, 2025** – Administrator Todd Mielke testifies that security was not specifically requested for the CRC, but was instead due to a standing county contract.

This sequence shows that security was in fact arranged as a direct result of Stoffer's request, contrary to Administrator Mielke's public testimony.

Full Testimony of Administrator Todd Mielke (September 22, 2025)

*With regard to this issue I received emails saying, ‘Could you tell me what the policy is for the county providing security in the courthouse?’ And yes, there was an evening here, maybe more than one, where I think people got a little bit excited, perhaps raised their voice, gestured, things like that, but **that issue was not specific to that**. It was: could you tell us what the policy is of the county for security.*

There's a state law that says we must control access to the courts. So, weapons are banned in the courts. So, there's an ongoing debate about what constitutes ‘the courts’ in any courthouse. And so, we have been going through this, we have been talking about moving the county courthouse to a single point entry security system. That's been going on for the entire two years I've been here.

Typically, security in the court building, courthouse building, is done by the Sheriff's Office through corrections officers. We have had a significant shortage of staff in that position and so for the last two years the county has hired an outside security firm providing security services in the courthouse. Where that would normally have been done by corrections officers. So, we've been doing that. And we switched vendors here recently, about three months ago. And so, we continued to go through and explore this.

Our contract states that we will provide security — our contract with the vendor, Security Services Northwest, currently is that they will provide security services anytime the building is open to the public. In addition to that, very recently, we had the superior court bench, the presiding judge of the superior court bench, who made a proclamation under GR39, general rule— I believe it's 39. And they have as judicial branch the ability to do that where they proclaim that the entire building, not just second floor where the courtrooms are, but **the entire building would be considered 'weapons free.'**

Again, so there's this ongoing debate of, is a weapon only a gun? No, not under the statutory definition. And so, the County continues to move forward. We continue to have a contract for security system services. It starts at 7:30 in the morning and, per the contract, is they will be available any time the public is in the building. And so, **it's not specific because 'Oh, Charter Review Commission's meeting tonight'.** It's, 'Do we have any public meetings in the building tonight?'

And so that is the issue, it's for protecting the building because the idea is that someone could come in and plant a weapon and come back tomorrow. And so once again, under statutory provisions we're required to protect this building and the courts. So that is why they're here. It is a public meeting. Therefore, the contract says they will participate and be available during any time the public is in the building. And so that is what we do.

But also, as we are witnessing, unfortunately political discourse has changed greatly in the last several years. I've spent a lot of years as an elected official. Political discourse has changed; we've certainly seen it in the last couple of weeks on the national level. And so, the issue is we want to make sure people, when they come to the courthouse, feel safe. And we never know what may or may not happen. But we don't want to be in a position to the best of our ability about saying we should have done this, or we could have done that. So, we're doing the best we can to protect the public for participating in public meetings in this building. So that is what we're doing.

Nobody directed us to do anything. If anything, what it caused us to do, is review our current policies and our current contract is with Security Services Northwest. And do a better inventory of when the public is in this building. I think a lot of people want to point to one evening that got people maybe a little tense, but **that's really not it.**

That would be reading far, far too much in to the fact that security's been here for two years. They start at 7:30 in the morning. We're just being much more careful, especially now that the superior court has proclaimed that this building is weapons free and they expect the Board of County Commissioners to enforce that proclamation, so that's what we're doing."

[Commissioner Ron Richards noted that the security presence was not the result of random contract enforcement, but rather a direct result of Stoffer's requests and the subsequent email chain.]

Mielke continued: "He [Commissioner Jim Stoffer] was one of multiple people who raised the issue that they felt things crossed the line. Other people did review the video. I will say that I reviewed it a couple of times, I came to a different conclusion the second time I reviewed it that then I did the first time. I know the Sheriff and some members of the Sheriff's office reviewed it. Commissioners reviewed it. And the **request to me was to work with the Sheriff to review our current policies** about how we were utilizing our contracted security services at times when the public was in the building. That was the request.

But again, services were already under contract. I think the question is, ‘When and how is the contract contemplated utilizing those services?’ The contract states services will be available anytime the public is in the building... security is here to protect all of you. As well as the audience, and my staff. It’s a public meeting.

This testimony is **contradicted** by the email chain, which shows Stoffer requested security, Ozias relayed that request, Mielke was directly involved, and Fisch confirmed the arrangement.

OPMA Concerns

The email chain shows that **security decisions were discussed and implemented outside of a properly noticed public meeting.**

- Commissioner Ozias (a County Commissioner) and Administrator Mielke engaged directly with Sheriff King and a private security contractor on behalf of the CRC.
- CRC Chair Susan Fisch confirmed new security arrangements to Commissioner Stoffer without informing or involving the full Commission.

This raises significant concerns:

- **Bypassing the full CRC** in making substantive decisions.
- **Failure to deliberate in a public meeting**, which is required under the Open Public Meetings Act.
- **Chair Fisch’s role** appears to go beyond administrative coordination and enters into unilateral decision-making, which violates both the spirit and possibly the letter of OPMA.

Requested Action

I am asking the Executive Board to:

1. Add **“CRC Security and Possible OPMA Violations”** as an agenda item for our next meeting.
2. Ensure that all commissioners have access to the Fehrmann public comment, the July 16–17 email chain, and Administrator Mielke’s September 22 transcript in advance.
3. Provide time for a full and transparent Commission discussion on these issues.

Thank you,
Jeff Tozzer
Charter Review Commissioner

Below is an evidence packet prepared for discussion under the requested agenda item: **“CRC Security and Possible OPMA Violations.”**

It includes:

1. The July 14th public comment by Eric Fehrmann.
2. The July 16–17 email chain involving Commissioners Stoffer, Fisch, Ozias, Administrator Mielke, and Sheriff King.
3. A summary of contradictions and questions for the Commission to resolve.

Section 1: Public Comment (July 14, 2025)

Speaker: Eric Fehrmann

Eric Fehrmann: *“The person’s name is Jim Stoffer. That’s who goes after people at a church and tries to get them kicked out of a volunteer role.”*

Commissioner Stoffer: *“Chair?” (interrupting)*

Fehrmann: *“I’m not supposed to mention any names, is that right?” (referring to a proposed rule by Stoffer and Fisch to not allow public commenters to address commissioners individually)*

Fehrmann (continuing): *“We went through that before. I’m saying it, and I’ve said it.”*

Commissioner Stoffer: *“Chair?” (again trying to interrupt)*

Fehrmann: *“I’m speaking right now, so you better tell him to shut up. It’s my turn at this microphone and I’ve got three minutes, and I’m gonna speak, and then he can say whatever he wants to. Don’t interrupt me again. You have run this meeting like—anyway. You say that you want to hear from the people. The people come up here, they give you 74 percent of them say, ‘No, they don’t want a water steward’—bam—you shove it through. You get another 74 percent, or whatever, that says they want to have meetings with the commissioners where they can talk to us and they come up here and say, ‘No, we can’t afford it. We can’t afford to pay the staff.’”*

Fehrmann (continuing): *“I tell you what, I’m going to volunteer right now. I will learn what this staff position is and I’ll take care of it for nothing. How’s that? If I need more people, I’ll get them. Because we get enough people in this county that can come up here and run it, where they don’t come out of their pocket, so there’s no excuse. You guys are a joke. There’s a few of you on here with some common sense, but you,” (pointing to Stoffer), “are just a rotten S.O.B. and I’m not gonna back off so now go ahead and spew some more crap.”*

Chairwoman Fisch: *“Mr. Fehrmann, that’s enough.”*

Fehrmann: *“I’m not the one who started swearing up here, it was one of your members,” referring to the two times Commissioner Paul Pickett had called another commissioner an asshole.*

Section 2: Email Chain (July 16–17, 2025)

Summary Timeline

- **July 16** – CRC Commissioner Jim Stoffer emails the Executive Board requesting security, stating he will “take steps to protect myself.”
- **July 16** – County Commissioner Mark Ozias forwards Stoffer’s request to Sheriff King and Administrator Mielke, explicitly asking for security at CRC meetings.
- **July 17** – Sheriff King engages Security Services NW to provide security for CRC meetings.
- **July 17** – CRC Chair Susan Fisch replies to Stoffer confirming that security will be present “from this point forward.”

Greetings Executive Board,

The Commission has experience several disruptions over the last several months during our Commission meetings. These disruptions have grown with toxic bullying harassing behavior, attacking several Commissioners with verbal threats. This is not ok, and I urge you to take action at protecting the meeting space and the proceedings.

We have no idea if some of these folks are not carrying a weapon of some sort. Each meeting is growing worse.

Recommendation:

- 1. We need security presence during our meetings.*
- 2. Drop the 2nd Public Comment period from the agenda; it just opens the door to attacks and disruption.*
- 3. When the disruption occurs, immediately call a recess, you can do that.*

I will be taking steps to protect myself; but I urge you three as the elected Executive to take steps as well.

Thank You

Jim Stoffer

Hello Todd and Brian,

I would appreciate it if we could do what is necessary to ensure that a security officer can be present for all future meetings of the CRC. If this will require additional budgetary authority from the BOCC then I will work with you to advance the necessary process.

Thank you,

I believe Security Services Northwest will need to be briefed about the nuances of differentiating between someone exercising their freedom of speech and when their messaging becomes threatening. If you get a chance, please review the video at the end of the most recent meeting and the comments/messaging by Eric Fehrmann. Several people have reviewed the video and believe this line was crossed...especially when considering the combination of shouting, swearing, calling out one of the commissioners by name, and gestures. The video would probably be a good reference in the discussion with Security Services Northwest. "Threatening a public official" is addressed in state statute and should probably be considered in preparation for attending these meetings.

Hello everyone,

I am in conversation with Security Services Northwest and have provided them the Charter Review Commission meeting schedule for the remainder of the year. While its not "finalized" I do think they will be able to make it happen.

Given current projections I believe the Sheriff's Office will be able to absorb these costs in jail underspend.

I will let you know once I get the final confirmation.

Hi everyone,

Commissioner Ozias forwarded this information (please see the link in his e-mail) to me and I thought it might be a worthwhile conversation to have given the amount of public testimony we receive at a variety of County meetings and the apparent increasing intensity of public comment at the Charter Review Commission meetings.

Please let me know if you would like me to explore this further, and if we should schedule this for a Work Session perhaps in August.

Hi Randy,

In the last comments I received from the Sheriff, I believe the Sheriff's Office has now advised our security firm to be present at the CRC meetings. I'm expecting to see someone starting at the next meeting.

The link forwarded by Commissioner Ozias provides suggestions on how we can update County policy regarding "acceptable behavior" in public meetings. The MRSC information gives guidance on how to balance preserving a person's right to free speech with maintaining order at meetings. It suggests including language to clarify prohibited 'actions', such as "raising your voice", "yelling", "aggressive gestures", "singling out an individual" versus addressing your comments to the overall body, etc.

My question to the BOCC is whether you would like to have a discussion during a Work Session about updating County policy utilizing some of the suggestions and language presented by MRSC, including more specific language regarding acceptable versus unacceptable behavior/communication.

Thank you,

Todd

Good morning, Bonnie.

I'm forwarding this as an FYI. It would involve updating our county policy regarding public meetings, specifically addressing allowable behavior at public meetings by both the audience and participants. There's a link in the e-mail from Commissioner Ozias that you might want to take a look at when you have time. It's guidance that attempts to balance First Amendment rights with the ability to maintain decorum in meetings. It suggests specific language in the policy such as prohibiting certain 'behaviors' such as raising one's voice, shouting, aggressive gestures, addressing the 'body' versus any individual, etc.

Commissioner Ozias appears to be suggesting that we update our policy and make it more specific.

I'm hoping to solicit input from the other two.

Subject: RE: Charter review meetings

Charter Review is held on the second and fourth Monday of each month starting at 5:30 p.m. The meetings have lasted between from 1 to 4 hours this year (so far).

The Charter Review Commission is authorized until December 31, 2025. The August 28 meeting was 58 minutes long. So, from 5:30-6:30. Here is the link for the recording for that meeting that shows the meeting was only 1 hour long NOT 2 hours.

<https://clallamcowa.portal.civicclerk.com/event/3119/media>

The August 11 meeting was 46 minutes long. Here is the link for that recording:

<https://clallamcowa.portal.civicclerk.com/event/3118/media> So again it was only 1 hour long NOT 2.

I'm not sure if they get paid for the time, they wait for the meeting to start or not (4:30-5:30 p.m.). I guess that is probably in their contract.

Section 3: Contradictions & Concerns

- The **emails** clearly show that security was requested by Commissioner Stoffer, forwarded by Commissioner Ozias, acted upon by Sheriff King, and confirmed by CRC Chair Fisch.
- Administrator Mielke's testimony denies this sequence, claiming security was present solely due to a standing contract.
- CRC Chair Susan Fisch confirmed the arrangement privately to Stoffer without bringing the matter before the full Commission.

- In addition to confirming new security arrangements outside of a public meeting, it appears Chair Susan Fisch may also be unilaterally removing the **second public comment period**, at Commissioner Stoffer's request. If true, this would be a second example of substantive decision-making without the knowledge or approval of the full Commission.
- Commissioners have no way of knowing when or why these changes are being made, because we are being cut out of the process entirely.

Potential Issues Identified:

- Administrator Mielke's testimony is contradicted by the written record.
- Chair Fisch's private confirmation to Stoffer indicates that CRC security arrangements were handled outside of a public meeting.
- This raises possible **violations of the Open Public Meetings Act (OPMA)** and **our bylaws**, as substantive decisions were made without the knowledge or involvement of the full Commission.

This packet is submitted to ensure all commissioners have the same factual record before our discussion.

Jeff Tozzer
